

**MP(MPP,MPM,MPD,MPH) Metering Pump Accessories**

**MP Metering Pump Accessories**

*A Leading Manufacturer in Metering Pump*

**Y-type strainer:** it can filter the impurity in the entrance pipeline(flange type available)

Material: PVC,SS304,SS316,PTFE lined

Size: DN10,DN15,DN25,DN32,DN40

**No-return valve:** it can avoid the counter-flow,Material: PVC, SS304, SS316, PTFE lined

Size: DN10,DN15,DN25,DN32,DN40

**Filter & bottom valve:** it works as a filter and prevent the entry pipeline from emptying.

Material: PVC,SS304,SS316,PTFE

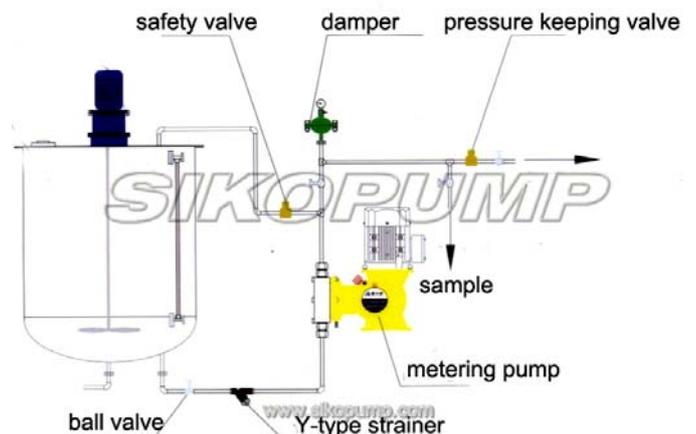

Size: DN10,DN15,DN25,DN32,DN40

Diaphragm(PTFE material)

**Simple Installation Drawing**

**Safety valve:** it can release pressure in pipeline when the whole line pressure is high and let the liquid in the pipeline overflow back.

**Pressure keeping valve:** it can make sure the metering pump have a certain operation pressure, to avoid siphon-age condition.

Material:PVC,SS304,SS316,PTFE

Size:DN10,DN15,DN25,DN32,DN40

**Damper:** It is used to slow down the impulse hunting of liquid discharged form metering pump. Damper is furnished with manometer, which can show the pressure value. The correction installation of damper is directly over the discharge pipe.

Material: PVC,SS304,SS316,PTFE lined

Size: DN10,DN15,DN25,DN32,DN40

**Shanghai SIKO Pump Manufacture Co., Ltd**

No. 518 Jinyuan Road(Jinyuan Industry Park), Shanghai, China.
